Technical Data Sheet

Megatron Hand Cleaner with Grit

Description

Megatron Hand Cleaner with Grit is a new concept in abrasive hand cleaners. This high quality gel-type hand cleaner contains grit particles which assist with the rapid removal of dirt and grime leaving hands feeling smooth and smelling pleasant.

Application

Megatron Hand Cleaner with Grit can be used to remove grease, grime, soot and other industrial contaminants. Megatron Hand Cleaner with Grit should be applied to the hands and forearms, and massaged into the skin where dirt accumulates, paying particular attention to the fingernails and remove under running water to leave hands smooth and soft.

Benefits

- Reduces time wastage and hygiene cost.
- Effective across a wide range of applications from heavy industrial to rural.
- Improved health and safety practice.
- The grit particles are tough on grease, grime, oil and ingrained dirt but safe for everyday use.

Directions for Use

Rub a small quantity of Megatron Handcleaner with Grit into your hands and work in well to loosen the grime. Rinse with hot or cold water.
