

Hydraulic Agri-Fluid 10W-30 UTTO

Developed for virtually all tractors and mobile equipment

A high quality, multifunctional, extreme pressure fluid to meet the service top-up and refill needs of transmissions, final drives, hydraulic and power-steering systems and fluid immersed disc brakes of virtually all farm and industrial tractors and mobile equipment, especially where many components must be satisfied with a fluid from a common source. This product has a viscosity grading of SAE 10W-30 engine oil along with a high viscosity index to minimise viscosity changes with changing temperatures. It is extremely stable even in severe high-temperature torque-converter use and has excellent anti-wear properties. Frictional properties are designed to assure proper, decisive functioning of multi-disc clutches used in some transmission designs requiring a limited slip function and in oil immersed disc brakes. Recommended for transmissions, hydraulic systems, final drives and power steering systems and fluid immersed disc brakes in agricultural and industrial tractors and similar equipment.

Key Benefits

- Maximum protection against wear and corrosion.
- Good anti-chatter in wet brake systems.
- Excellent oxidation stability.
- Compatibility with seals and elastomer materials in tractors.

>11 Exported to 11 of the
harshest African
countries.

Specifications

- John Deere : JDM J20C/J20D
- CNH : MAT 3525 (“134-D” fluid)
- Massey Ferguson : CMS M1141, CMS M1143
- ZF : TE-ML-03E & TE-ML-05F
- VCE : WB 101

Performance Standards

SAE No.	10W-30
Viscosity, cSt @ 40°C	66.0
Viscosity, cSt @ 100°C	10.7
Viscosity Index	146
Flash Point, °C	224
Pour Point, °C	-36
Total Base No., mg KOH/g	8.3

The values of the specifications shown in this table are typical values given as an indication only.

Health and Safety Information

For recommendations on safe handling and use of this product, please refer to the Material Safety Data sheet available on www.tronlubricants.com

Preferred Partner

First and only focus on lubricants;
First choice for the customer based on:

- World class development
- First class quality
- World class customer service
- First class logistic solutions

Environmental Care

Tron Lubricants is dedicated to the highest level of Environmental Care. Tron Lubricants has developed a unique “Cradle To Grave” solution & is committed to collecting/disposing every drop of product it produces in a safe and environmentally friendly manner. Consult your Tron rep today for more information.

Productivity

Tron Lubricants offers the highest quality lubricants coupled with class leading additive technology to ensure that your machinery never lets you down. Tron Lubricants gets working when the work gets tough! Tron Lubricants is a brand you can truly rely on.
